[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indcipherable' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention.]

That he was Born in Granville County State of Virginia On the Sixth day of July in the year of Our Lord 1760. When I was six or seven years old my father moved from Granville to Mecklenburg County North Carolina, there We continued to reside until I was Eleven Or Twelve years of age When I moved with my Father and the balance of the Family to Ninety Six District South Carolina. (this District having afterwards been Divided.) I fell in the District called Spartanburg there I resided until the year 1781 When I volunteered about the first of March in the Dragoon Service for the Term of Ten months under Captain William Smith after the Company was Organized. We joined Col. John Thomas Regiment of Dragoons in Ninety Six District in South Carolina Regiment of Dragoons a few days after Our Junction with Col Thomas we marched down to near the Congaree Fort on the Congaree River there we joined Genl Sumpter [sic, Thomas Sumter], from here we marched under Genl Sumter to the Congaree Fort then in the possession of the British. We lay round the fort for about two weeks. When Col. Washington [William Washington] joined us with his Troops. Then we made an attack on the

fort and took it with a number of Prisoners the fort was taken as well as I now recollect the last of April Or first of May 1781, from here in a short time after the fort was taken we marched across the Congaree river and Encamped at a place called Ankrums [sic, Ancrum's], here we lay about One month guarding the Prisoners Col. Washington having parted with us after the taking of the Fort. From the place called Ancrum's we marched under Genl Sumter to Ninety Six District in South Carolina. We there joined General Green's [sic, Nathanael Greene's] Army in a few days after we joined Genl Greene I was attacked with the small pox and was carried to the Camden Hospital there I remained about one month before I recovered. From Camden I was sent with an express from Maj. Taylor then at Camden to Genl Greene on the Congaree River, here I again joined my Company then under the command of Genl Greene. From here the whole army marched to Orangeburg South Carolina where the British had fortified. Some Cannonading passed between the armies at this place. Col Wade Hampton's Regiment and Col. Thomas' Regiment was ordered by General Greene to march down the Charleston road at the Ten Mile house we took some British Prisoners from here we marched to a place called the quarter house five miles from Charleston, here we had a severe engagement the victory was on our side, here we took a wagon loaded with arms and clothing, from here we marched to Nelson's Ferry on the Santee River not far from the Eutaw Springs, from here We marched a very short distance and again adjoined Genl Greene's Army then Encamped on the high hills of Santee, here we lay until we marched to meet the British at the Eutaw Springs which was in September 1781 as well as he recollects, at the Battle of the Eutaw I was stationed with my Captain as an out guard so I was not in the heat of the Battle. We staid at this place a very short time after the Battle. When Genl Sumter and the whole of his troops marched to Orangeburg South Carolina where we lay until sometime in the winter When we marched to a place called the four hole bridge On Edisto River, here we lay some time then we marched back to Orangeburg where I was discharged having served Ten months the time I volunteered for. I received a written discharge signed by Col Thomas but not believing it would ever be of any benefit to me I used it so carelessly that it is now lost or destroyed. I have the record of my age now recorded in a large family Bible taken from my father's register of ages. I have no Documentary Evidenced to prove my services nor does he know of any person now living who he can prove said services by but he can prove by Captain John Henderson² now of McNairy County who was a Captain in the Revolutionary War that he was with Genl Sumter and acquainted with all the affairs above mentioned and that history of my services mentioned in the Declaration did take place said Henderson will further State that he has no doubt of my services from Circumstances which I have mentioned to him concerning the campaigns which I served in. Aaron Gage³ now of McNairy County and who served in Col Hammond's [this is probably referring to either Leroy Hammond or Samuel Hammond, both of whom held the rank of Colonel in the SC militia after the fall of Charleston] regiment in the Revolution will state in substance the same as Capt Henderson I can prove my character for veracity and good moral demeanor by Parson Francis Beard and James Campbell of my neighbourhood they can also testify as to their belief and the neighbourhood's belief generally of my being a soldier of the Revolution.
