[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indcipherable' or 'undeciphered' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention. Researchers should not rely solely on the transcripts but should review the originals for themselves. These transcripts are intended as an aid to research, not to be used in lieu thereof.]

[Note: all of the documents in this file relate to claims for reimbursement Isaac Lewis for provisions supplied to the militia except for the last 2 pages which are transcribed in part below.]

A handwritten signature in cursive script, appearing to read "Robt Anderson", written in dark ink on a light background. The signature is somewhat faded and has a grainy texture. A small number "4" is visible at the bottom right of the signature.

[Note: There does not appear to have been any indents issued based on this claim.]

⁴ This is the signature of Colonel Robert Anderson of the South Carolina militia. Anderson rendered an extensive return [not extant] reflecting the services of many of the back country militia men rendered after the fall of Charleston.
